

Running Away

Ady Suleiman

You're about to blow, up a bubble
Step inside and float off into your own world
Where no one else can be, and no one else can see
None of your dreams shut down by realities
But that ain't gonna solve the fears that you hold
I hate to be the prick to burst your fuckin' bubble
But I thought that you should know, that even if you go
Shadows have the tendency to follow

So why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?

Gotta stand up tall and try to take control
So pick your back up from off the wall
And try to make a change, cause yes you are brave
I want to educate that you don't need to run away
So don't you run away, cause you can escape
The ghosts'll haunt your mind when negativity stays
Unless you turn and face, and pick up the courage to say
That I ain't afraid of you no more

Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Runnin' away

Stop your runnin' from, and start runnin' to
A destination that is gonna help your life improve
You need to realize that runnin' all the time
Ain't gonna help you tackle these things in life
You need to fight and stop a hidin'
Away from all, your troubles
Cause in time, slip or two, they'll be doubled
Then what you gonna do? Breathe twice as hard for you
And I assume the runnin' will continue

So why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?

Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why are you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Yes, you're runnin', you're runnin' away
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
Why you runnin' away?
