

# I'm Not Sorry

Aer

And I tried to make you understand that I'm not sorry  
No, I'm not sorry, baby I'm not sorry, I'm not sorry  
I dropped my walls, opened locks, let you in  
Shared with you all those thoughts about movin' in  
Put all my trust in you while we were a fling  
Cause I don't pretend, say it to the end  
I'm not sorry

Apologies won't come from me  
Don't believe ya to be someone of a quality  
You're lower than the European economies  
I know what you do when you visit your friends at their colleges  
Spittin red cup mythology  
And they all eat it up like piranhas see?  
Don't acknowledge me anymore  
I can't fuck with you  
I don't know what to do  
You were way too quick to get comfortable  
We all know this shits nothing new  
Girl i've done enough for you  
And I'm hardly getting repaid  
Many days since we laid  
Are now we in fifth grade?  
You're just afraid

Its a difference of opinion  
I think ya wish it was different  
But ya kissed him in the kitchen  
So i went along and broke it  
Sorry i don't wanna continue this intermission  
I'm in the middle of switching to someone more open  
You thought i wouldn't notice  
But i only focus on what i keep closest  
You're a plague and i don't need no locusts  
Go find out whats at the bottom of the ocean

Where do we go now?  
You know I wile out every time that I go south  
Ain't nothin to talk about cuz I'm on my own now  
A situation that I hadda just pull out

I always knew that it wouldn't last  
So you can get that tattoo w you own cash  
Didn't wanna admit it but you've got no ass  
It's hard to get used to someone who moves so fast

So! You're dead to me, it's not destiny  
Ya took ecstasy in Chesapeake  
You don't needa tell me the rest of it  
And know my recipe is excellent  
You're another notch on my headboard  
Don't test me, payback had to be the next thing

Never ever let her get near me again  
Oh shit don't hold me back  
Peace and quiet you owe me that

Leaving you the loneliest  
Girl fall back like the foliage  
Ya can't change the past  
You're never shakin that  
I hate ya now, I'm not sorry
