

## Make Do

Aer

I know that I've done this before  
Can't promise i won't do it again  
And from the other side of the phone  
Sounds like you really just don't care  
So I'll be there in twenty minutes for you  
Skip the shift, forget your employer  
Granted wish you better enjoy it  
You need me for explorin  
Yeah you've stepped foot in here and now you can't tell  
What happens in the walls of the Beverly hotel  
In the morning its vacant, go separate ways and no hearts break  
ing  
You compelled, i hear ya coming first not hearing wedding bells  
What happens on the floor of the mark hotel  
In the morning its vacant, go separate ways and no hearts break  
ing

You know I'm willing and able  
In the summer time when it's me and you  
It's always been on when I'm capable  
That's just how we make do  
Let's get high and chill [x4]

What I see in you, I don't normally see, so let me get to know  
you  
Getting tired of the same old place with your same old man look  
ing over your shoulder  
My track record ain't clean, but forget that and believe, it ca  
n't wait til were older  
There's no distance that could come in between, so lemme grab a  
hold of ya  
I understand you don't know me well, but I'm so glad you left y  
our house,  
saint laurent saturate the lapels, stoned gaze got me under you  
r spell,  
I've never come across this before, jaw dropped we should talk  
on the floor, I  
got a lot of love but you should show me some more, Imma give  
my love behind your closed door

Cause I'm just home for now  
If you happen to be round  
We could watch the night sky [x2]
