

## The Rain

Aer

I said that I missed her, but I didn't mean it  
And then when I kissed her, wasn't her I'm seeing  
I can't help my feelings from fading away  
It's not her I picture when I'm up daydreaming  
So I went and wished her well  
Can't find a reason to stay together with you these days

Here's come the rain, to wash away the thought of you yeah  
There's go the pain, and all the shit you put me through  
Was such a fool for you, I don't know what to do  
Here comes the rain, help me forget your name

I said I would visit but I didn't make it  
Another chance given, another mistake that doesn't seem to trouble me at all  
I promised to listen but I was escaping from inside your prison  
This rain is erasing the past we shared so let it fall  
Let it all fall, let it all fall  
A new day coming with the presence of the sun  
And lately I've been looking nowhere but up  
Let it all fall, let it all fall for a better tomorrow  
And forgetting the sorrow, I'll be moving along

Here's come the rain, to wash away the thought of you yeah  
There's go the pain, and all the shit you put me through  
Was such a fool for you, I don't know what to do  
Here comes the rain, help me forget your name

And now the sun is shining bright  
After the rain comes the light  
Can't waste our time on a fight  
Just keep on keepin' on
