## Yes

## Aereogramme

It's shit now you're only one hour away
Not that that matters when I
Couldn't stay
Yes sir, we were almost in line
Blinded I was
Yet I took my time

It's beautiful
And it's beautiful

Your hair is on fire Your lips are unscathed These people are nothing And I've got to moan

It's shit now you're only one hour away
