

# Comfortable

Aeris Roves

I'm not asking for the shine of the moon  
Even, though I know that it would lighten the mood  
As we, sit in silence and we're slightly subdued yeah  
And if you asked me for a ray of the sun  
I would, build a solum I would l label it love  
Then I'd, leave the world in the dark as a consequence

But girl I don't need the world from you  
Just match how I feel  
And I'll be comfortable  
Check for my breathing if I don't respond  
I guess it might mean that I've been waiting too long  
And girl I don't need the world from you  
Just match how I feel  
And I'll be comfortable  
Check for my breathing if I don't respond  
I guess it might mean that I've been waiting too long  
Too long, we're speed bumps  
I've caught up to this love  
And I don't wanna feel the distance  
So where do we go from here  
So where do we go from here  
So where do we go  
'Cause I won't say goodbye

I don't know where you're looking to go  
But, I'm unsettled and it's taking it's toll  
So, could you help me out by letting me know  
(Yeah, yeah, yeah)  
We are losing if we're overexerting  
It's confusing if we don't know the purpose  
I'm a fool at the shoes of a burden

So girl I don't need the world from you  
Just match how I feel  
And I'll be comfortable  
Check for my breathing if I don't respond  
I guess it might mean that I've been waiting too long  
And girl I don't need the world from you  
Just match how I feel  
And I'll be comfortable  
Check for my breathing if I don't respond  
I guess it might mean that I've been waiting too long  
Too long, we're speed bumps  
I've caught up to this love  
And I don't wanna feel the distance  
So where do we go from here  
So where do we go from here  
So where do we go  
'Cause I won't say goodbye

And how many times do you have to see me  
Before you see me  
And how many times do I have to tell you that I'm cool  
With all you're giving me  
There's a fine line between loving you  
And loving you freely

And if I cross that line  
Then I will answer you dearly

See, girl I don't need the world from you  
Just match how I feel  
And I'll be comfortable  
Check for my breathing if I don't respond  
I guess it might mean that I've been waiting too long  
And girl I don't need the world from you  
Just match how I feel  
And I'll be comfortable  
Check for my breathing if I don't respond  
I guess it might mean that I've been waiting too long  
Too long, we're speed bumps  
I've caught up to this love  
And I don't wanna feel the distance  
So where do we go from here  
So where do we go from here  
So where do we go  
'Cause I won't say goodbye
