

Enough For Me

Aeris Roves

I just wanna tell you how I
How I got here
'Cause maybe then you'll start to hear me a little clearer
Yeah, put your fears aside
I just wanna tell you how I
How I got here
'Cause maybe then you'll start to pull me a little nearer
Yeah, put your tears aside
I just wanna tell you why I'm not with her
And I'm here with you
All the things I swerved
To feel something new
I could make you realize
I can see through clear eyes

Ohh, if you're good for it
If you're good for it
It's enough for me
Ohh, and by default
You're enough for me
You are, you are
You are, you are
Everything I need and more
So if you're good for it
It's enough for me

And it's funny 'cause the lost girl I went to dinner with
Said she didn't like my style but she's irrelevant
'Cause now I'm with you and you've told me everything
I've want to hear, oh I could let you in
There's nobody I've said this to before
And I'm opening doors I always thought were closed
And I think you could keep me on my toes
That's one thing for sure

I just wanna tell you why I'm not with her
And I'm here with you
All the things I swerved
To feel something new
I could make you realize
I can see through clear eyes

Ohh, if you're good for it
If you're good for it
It's enough for me
Ohh, and by default
You're enough for me
You are, you are
You are, you are
Everything I need and more
So if you're good for it
It's enough for me

It's enough for me
It's enough for me
It's enough for me

And I just wanna tell you why I'm not with her
And I'm here with you
All the things I swerved
To feel something new
I could make you realize
I can see through clear eyes

Ohh, if you're good for it
If you're good for it
It's enough for me
Ohh, and by default
You're enough for me
You are, you are
You are, you are
Everything I need and more
So if you're good for it
It's enough for me

It's enough for me
It's enough for me
It's enough for me
