

# Beautiful

Aerosmith

A friend of mine was talkin'  
I was ear jacking, eaves dropping  
Down on my knees  
So I could hear what she was sayin'  
As I got closer  
To her fire, her desire  
Was to lead me on and on and on  
And it was like

Be beautiful!  
We're free again, we're outta here  
Be beautiful!  
You be my friend  
Let's disappear

Now I got to thinking  
Bout the high speed dirty deed  
It's what I want, what you need  
I think you best believe it  
Call it what you will  
But you still gotta know  
We can skin it, we can sit it  
Yeah, so baby let's begin it  
Saying

Be beautiful!  
We're free again, we're outta here  
Be beautiful!  
You be my friend, let's disappear  
Be beautiful!  
Do all the things we never tried  
Be beautiful!  
Just spread your wings and let it fly

Whoa whoa  
(Beautiful, beautiful, beautiful)  
Whoa whoa whoa whoa whoa whoa

Whoa whoa  
(Beautiful, beautiful)  
Whoa whoa whoa whoa whoa whoa

Beautiful!  
We're free again, we're outta here  
Beautiful!  
You, me, my friend, let's disappear  
Beautiful!  
Do all the things we never tried  
Beautiful!  
Just spread your wings and let it fly

Whoa whoa  
(Beautiful, beautiful, beautiful)  
Whoa whoa whoa whoa
