

## Riff & Roll

Aerosmith

Ooouu...

Hey, hey you  
Place your face on down the ground  
Hey, hey you  
With the junkies all around  
Hey, hey you  
What'cha feel inside is sad

Hey, hey you  
With your face on the flame  
Hey, hey you  
This is all a silly game  
Hey, hey you  
What'cha feelin' down and sad

You know you got that love  
Baby, inspiration  
(And you got them old generation) ?  
With your feet down  
Down on the ground  
You gotta sing songs baby  
When know you who's around  
Say baby

Hey, hey wait  
Well whatcha do that whore  
Get your brains well they scrape them off the floor  
Hey, hey you  
What'cha got inside the door

Yeah...hey, hey you  
What's up in the middle east  
Hey, hey you  
Won't'cha take another piece  
Hey, hey you  
What'cha feelin' kinda sad

That's it, stay up there  
Stay up there  
Stay...stay up there  
Ooh...

One, two, three, four

Hey, hey you  
With the face on the fire  
Hey, hey you  
Sing your ass off in the choir  
Hey, hey you  
What'cha let your face grow long  
Too long, too long

Hey, hey you  
With your ass on the ground  
Hey, hey you  
Never say you get the sound  
Hey, hey you

What'cha think of the sound
