

# Bored!

aespa

I'm so pretty in your head boy, yeah  
Picking flowers put em right behind my ear  
Eyes catch you day dreamin'  
Look at the signs, love as advertised

Feel the caffeine  
Kicking in, uh  
Episodic, visionary  
Hit it like on mission  
No used and recycled lines

Am I  
Messing with you  
When falling for you  
Falling for you (But I'm not the one to keep)  
Falling for you  
Falling for you  
Lovin' with you

Takin' up a good rush  
Don't try to fight it  
Paradise on venus in your eyes  
I always come in  
Hardcore  
And love you til the day I'm Bored!

Takin' up a new rush  
I can't deny it  
Turning your hellos into goodbyes  
I always come in hardcore  
Love till the end of the road  
Then I tend to get Bored!

Better, better, always out for something better, be-better, uh  
I just wanna feel the way I felt the day we met  
I keep falling for the feeling  
But the feeling finds a way to go away

So tell me where it goes  
Out of my body  
We're still pretty in my head  
Keep picking flowers, babe  
I should've said it before  
I got Bored!

I was  
Messing with you  
When falling for you  
Falling for you (But I'm not the one to keep)  
Falling for you  
Falling for you  
Lovin' with you

Takin' up a good rush  
Don't try to fight it  
Paradise on venus in your eyes  
I always come in hardcore

And love you til the day I'm Bored!

Takin' up a new rush  
I can't deny it  
Turning your hellos into goodbyes  
I always come in hardcore  
Love till the end of the road  
Then I tend to get Bored!

I could never be your somebody  
You could never be my somebody  
Yeah, maybe it's on me  
I should've said it before  
But I tend to get Bored!

Takin' up a good rush  
Don't try to fight it  
Paradise on venus in your eyes  
I always come in hardcore  
And love you til the day I'm Bored!

Takin' up a new rush
