

Die Trying

aespa

Coming out of shadows
Everybody get out on my way
Steppin' in on a pedal
Ready for the demons on my space

Hands are on my neck
I don't break a sweat
Now, I'm ready set rather die than quit
See me goin' psycho
Someone tell me what's it gonna take

Coming out the gate, I'm a rockstar
I eliminate the imposters
We the last ones on the roster
Never wave a white flag out die trying

I'm a bad chick
I'm a bad chick
I'm a savage
Come to my crib
Uninvited
Must be wildin'
I'm a bad chick
I'm a bad chick
I'm a savage
Come to my crib
Uninvited
Must be wildin'

I'ma 'bout to reach
Let me out the cage
Don't care what it say
I'ma stun away (Do it now)
Oh, oh, oh, oh
Oh, oh, oh, oh

Hands are on my neck
I don't break a sweat
Now, I'm ready set rather die than quit
See me goin' psycho
Someone tell me what's it gonna take

Coming out the gate, I'm a rockstar
I eliminate the imposters
We the last ones on the roster
Never wave a white flag out die trying

I'm a bad chick
I'm a bad chick
I'm a savage
Come to my crib
Uninvited
Must be wildin'
I'm a bad chick
I'm a bad chick
I'm a savage
Come to my crib

Uninvited
Must be wildin'

(Must be wildin')
(Must be wildin')
(Must be wildin')
