Every night
As the emptiness grows at the end of a tiring day
I naturally think of you
As I drift off to sleep

In the especially beautiful scenes
You were always by my side
You make me feel so lucky
I hope we feel the same way

I'll stay where your gaze falls
Countless nights
Just like your heart that illuminated me
Oh, you're the one
The only melody in my heart
The voice calling your name

Even the faint sound of your breath
In the night when sleep seems far away
I'll remember you deeper (Deeper)
'Cause you're my
Whole world

In my empty
World (World)
You filled it up completely (With you)
You making me feel like I'm lucky
I hope we feel the same way

I'll stay where your gaze falls
Countless nights
Just like your heart that illuminated me
Oh, you're the one
The only melody in my heart
The voice calling your name

Your voice
In a world that just passes by
My eternal resting place
Unexplainably drawn (Drawn)
Every step I take
For you, for you

Stay where my gaze falls (You, ooh)
Countless nights
Just like that love (That illuminated me)
Your heart (Embrace me)
Oh, you're the one
The melody you hold for me (The melody you hold)
The voice calling my name

The voice
That connected us
