

# We Go

aespa

The moment that I've been waiting for  
Is finally knocking in my door  
This is for me, this is my time  
I'm running into the great unknown  
Don't know where it leads, but I'm gonna follow  
The answer could be just out of sight

I can feel the fire burning in me  
Like the sunset on the rippling sea  
Will I sink or get caught in the tide?  
Will I swim? If I keep trying, I might

Discover whole new different worlds, ready, set, here we go  
Together to the farthest places  
There's a magical adventure ahead if we go  
Wherever our destiny takes us

You don't have to be afraid anymore  
Spread your wings, believe you'll rise up and soar  
We go, we go  
Oh-oh-oh, oh-oh  
We go, we go  
Oh-oh-oh, oh-oh

Can I find what I've been searching for?  
I've wondered a dozen times or more  
Still, it remains a mystery  
If I keep on walking down this road  
One day I'll unlock that treasure, I know  
You'll always be safe with me

Like a scene from in my wildest dreams  
It's a world you have to see to believe  
If I get a little lost, I don't mind  
But I know I'll have the time of my life

Discover whole new different worlds, ready, set, here we go  
Together to the farthest places  
There's a magical adventure ahead if we go  
Wherever our destiny takes us

You don't have to be afraid anymore  
Raging winds, but we can weather the storm  
I am strong as long as you're by my side  
Spread your wings, you're soaring into the sky

Oh-oh-oh  
Drifting into sleep  
Awake or am I dreaming?  
Staring into your eyes  
Still waiting for me  
You chose me, and I choose you now

Rising above it all, it all  
Flying high wherever we go, we go  
Together we're paving a new way  
So let's go

Oh-oh-oh-oh  
I don't know what's in store, but I'll be alright

Oh-oh-oh, oh-oh  
Oh-oh-oh, oh-oh
