

# Echoes

## Aesthetic Perfection

I'm stuck inside an echo

You never want to see  
The other side of me  
The part i hide below  
The wolf inside the wall  
Never give up, never give up, don't  
Gotta get up, gotta get up, oh  
Never give up, never give up, don't  
Gotta get up, gotta get up, oh

I'm stuck inside an echo  
Where every word is everything i want to hear  
I'm blinded by an echo  
Now everyone's an enemy, it's all so clear

I'm stuck inside an echo

I will forever pray  
To gods of yesterday  
To those who survive the fall  
To revive the cause  
Never give up, never give up, don't  
Gotta get up, gotta get up, oh  
Never give up, never give up, don't  
Gotta get up, gotta get up, oh

I'm stuck inside an echo  
Where every word is everything i want to hear

I'm blinded by an echo  
Now everyone's an enemy, it's all so clear

And i don't wanna find out who I am  
I'd rather live a lie until the end  
I'm stuck inside an echo  
I'm stuck inside an echo

I don't ever wanna let go  
I don't ever wanna let go  
I don't ever wanna let go  
I don't ever wanna let go

I'm stuck inside an echo  
Where every word is everything i want to hear  
I'm blinded by an echo  
Now everyone's an enemy, it's all so clear

And i don't wanna find out who I am  
I'd rather live a lie until the end  
I'm stuck inside an echo  
I'm stuck inside an echo

I'm stuck inside an echo  
I'm stuck inside an echo  
I'm stuck inside an echo  
I'm stuck inside an echo

I'm stuck inside an echo
