Aesthetic Perfection

[Verse 1]

I am weary
I can't sleep
World weighs heavy
Upon me

I've wandered through the ages
(In search of hope)
And truly books and sages
(it comes and goes)
Is no one gonna save us?
(We're all alone)
Well I prayed, I prayed for something

It's not everyone's choice to dream
And the devil's fair the same
But i want you to believe

[Chorus]

Are we gonna survive the fall?
We're just human after all
We're not supernatural

[Verse 2]

Where's the needing?
Where's the soul
Who is easing
The unknown?

We tear us into pieces
(So brutally)
For politics and revenge
([?])
We all attempt to cheat death
(And yet we bleed)
My faith, my faith means nothing

[Chorus]

It's not everyone's choice to dream

And the devil's fair the same
But i want you to believe

Are we gonna survive the fall?
We're just human after all
We're not supernatural

[Bridge]

I go down on my knees
I'm begging for release
Won't someone answer me?

The silence from above
Is proof the prophet falls
Salvation's up to us

If i die before i wake, I pray the lord my soul to take

[Chorus]

It's not everyone's choice to dream
And the devil's fair the same
But i want you to believe

Are we gonna survive the fall?
We're just human after all
We're not supernatural

[Outro]

No no no

No no no
