

## GodHead Charlatan

Aeternus

Weakling, the apprehensive tortoise bound  
Tomfool, the wretched spawn chained  
Idle, the oblivious indulgent collapsed  
Infatuated, the duplicate of submission

Plains of flames, cleansing of vermin  
I snort the souls of ash

Godhead charlatan

Coma suicide dismantled from witfulness  
Loss of obstinacy, loss of power  
Displayed in a pilloty to be mocked

All is legerdemain brough upon us  
The reason of distrust and famine wars

I will be the leviathan  
The pest of murder the rats of the ridicule

Revocation of the godhead charlatanss  
They breed like rats

Weakling, the apprehensive tortoise bound
