Waiting For The Storms

Aeternus

Alone in the silence with the trees sleeping
I am waiting patiently I am waiting for the storms
Fresh and pure strength, I desire, and I will recieve
from the mighty storms fresh and pure strength I am waiting
My soul is empty there are many rooms to be filled with my maje
stic masters

strength now, as I watch the woods in the valleys far away I see the trees dancing soon, I will gain my strength Come, my lord of the storms I am waiting for your storms come, my lord of the storms I am waiting for your storms waiting for the storms
