

## Angels

Aethra

II.- Surrounded by an endless fear, is our faith enough to save us. A feeling grows in me, cries for help. Some stories recall a war, that remind us who we are. A secret lies behind, hear their call...lost in a sea of silence, with nothing to lose...i'm leaving my life, to never come back, i'm destined to live with the angels, i know where they are, i know they will find me, `cause with angels is where i belong...when you have done all that you can, pray for some reason to stay, but its so sad the more you try, the more you fail...i'm headed to meet with angels, embrace me with lights around me... i'm leaving my life, to never come back, i'm destined to live with the angels, i know where they are, i know they will find me, `cause with angels is where i belong...hold on my hand, let me show you the way...far from the oceans, closer to you home... i'm leaving my life, to never come back, i'm destined to live with the angels, i know where they are, i know they will find me, `cause with angels is where i belong... Now you've come to see a light, deep inside where nothing matters, the holy chants will sing the prayers, eternity for all who sing them...
