

Wishmaker, did you said my name?  
I am the power I can beat your faith,  
A story teller, a walker behind,  
Finding the weakness of all human kind.

Time after time he's been trapped by his fears,  
How many years have to pass to be free?

So you are tired, of running around,  
Give me a star and I'll bring what you want.  
Don't be confused that I am going behind,  
Just break the charm and I'll show you the fire.

Time after time he's been trapped by his fears,  
How many years have to pass to be free?

Come on release me,  
I am the strength of you heart,  
Come on unleash me,  
I got the best, but I'm still lonely.

Time after time he's been trapped by his fears,  
How many years have to pass to be free?

Come on release me,  
I am the strength of you heart,  
Come on unleash me,  
I got the best, but I'm still lonely.
