

# Brand New Day

Afgan

I open my eyes  
And suddenly feel your love wash over me  
Let go of the past  
It's time to move on now that I'm finally free

I wasted so much time  
Caught up in the wilderness, yeah  
But now I understand  
The love I have is all I need to take me to a better place  
It feel like

My heart is beating  
It's more than a feeling  
I'm ready to make it through  
I know your love is so true  
Fire is burning  
And the wheels they keep turning  
Taking me closer to you  
Seems like the day is brand new

Let me just say  
That I'm so grateful for the highs and lows  
And every day  
I promise I'll take the chance to let you know

It's easy to believe,  
That someone's watching over me  
I know I'll be alright  
The love I have is all I need to take me to a better place  
It feel like

My heart is beating  
It's more than a feeling  
I'm ready to make it through  
I know your love is so true  
Fire is burning  
And the wheels they keep turning  
Taking me closer to you  
Seems like the day is brand new

I'm ready to make it through  
I know your love is so true  
I'm ready to make it through  
I know your love is so true

And even if the darker skies reappear  
Cos I know I will stand strong  
No need to worry, cos I know you'll be here  
To guide me it feels like

My heart is beating  
It's more than a feeling  
I'm ready to make it through  
I know your love is so true  
Fire is burning  
And the wheels they keep turning  
Taking me closer to you

Seems like the day is brand new

My heart is beating  
It's more than a feeling  
I'm ready to make it through  
I know your love is so true  
Fire is burning  
And the wheels they keep turning  
Taking me closer to you  
Seems like the day is brand new
