

Your man be trippin
It's time to make a decision
I can't imagine the feeling
But I can help if you willin'

See baby
I don't know why
Evertime you cry
Over that same old shit
I can't even lie
It keeps on killin the vibe
Think that it's time you open your eyes

You know I don't roll like that
Treat you like that
No it's hard to leave, but don't stress
I'll make it easy
I'll make it easy for you
Cause he don't know what he has
I won't feel bad
If you pack your bags and come through
I'll make it easy
I'll make it easy for you

Make it easy
Take it easy
Girl I need you to see
That he ain't really what you need
And I can take you from here
Cause what we've got is somethings special
Who knows what it could be
So if you want it baby I won't let him take it from me
So baby

How many times are you gon' let it slide
And go back on your word
It's time for you to get what you deserve
Cause I know what you're worth
