

## like i do

Afgan

Always said that you were all in  
All in  
At some point I guess you lost it  
You keep runnin' into walls that you built  
Close some doors, you gotta walk in

Don't know what you even here for, here for  
Thought you say you didn't need me anymore  
Thought you want another people  
But I know  
What you calling me for?

Ain't nobody gonna love you like I do  
Nobody's gonna touch you like I do  
Ain't nobody gonna love you, gonna love you  
Nobody gonna touch you like I do  
Ain't nobody gonna love you like I do  
Nobody's gonna touch you like I do  
Ain't nobody gonna love you, gonna love you  
Nobody gonna touch you like I do

You thought I was a lesson  
But you ain't realize you lost the real thing  
But whatever you do  
Don't forget to, deal with all your issues

It's like the more you try to hide it  
I see it comin'  
It's like the more you push me, the more that I pull  
And you don't say nothin'

Don't know what you even here for, here for  
Thought you say you didn't need me anymore  
Thought you want another people  
But I know  
What you calling me for?
