Afghan Whigs

Yea

I walk around with this all over me

I cannot wash it clean

You've got the ball

You've got the ball I'm takin' it from you

And today

It's in the blood

I left it in the blood you see

So put the words together

I'll be with you forever

Get up, we'll rise, they'll pay, get up

We'll rise and wait until tomorrow night

I can't wait recall yet if I'm black

Or if I'm white or wrong, oh

Or if I'm white or wrong

I am your creator

Come with me my congregation

Get up, I'll smack your back down

Get up, we'll rise, they'll pay

Get up, I'll smack your back down

You will become my diamond

I'm yours and you are mine

Get up, we'll rise

And wait until tomorrow night

I can't wait recall yet if I'm black

Or if I'm white or wrong

Or if I'm white or wrong

Get up, we'll rise, they'll pay

Get up, we'll rise, they'll pay

Get up, we'll rise
