

## Aurelia

AFI

Aurelia, the new wolves await  
Aurelia, they brought you new chains  
They're barking in the wrong key  
They're barking in the wrong key  
They're barking in the wrong key  
And you sing along

Aurelia, dream animals' wills  
Are real enough to make the slow kill  
They're barking in the wrong key  
They're barking in the wrong key  
They're barking in the wrong key  
And you sing along

Can you see at night?  
We can see at night  
Can you see at night?  
We can see at night

And we're barking in the wrong key  
They're barking in the wrong key  
They're barking in the wrong key  
And you sing along  
And you sing along  
And you sing along  
They're barking in the wrong key  
And you sing along
