

Back From The Flesh

AFI

Oh Christ, get behind me
Get behind me
Teach my skin
Oh, I am not frightened
I've invited nothing in

In silent prayer, deep belief
In silenced prayer on my knees

Oh Christ, get behind me
I have let light touch my skin

In silent prayer, deep belief
In silenced prayer on my knees

In silent prayer, deep belief
In silenced prayer on my knees

In silence, deep belief
In silent prayer, on my knees
