

## Behind the Clock

AFI

I am Freddy Madison, I'm Betty Elms  
Nikki Grace and Susan Blue in glitter hell  
In glitter hell

Green light lit, the blue remake  
No one will care, will care to see  
Thriller killer been revealed  
He's inside you, she's inside me  
She's inside me

I am broken Betty Elms, behind the clock  
Susan Blue and Nikki Grace, a starless walk  
A starless walk, walk

Green light lit, the blue remake  
No one will care, will care to see  
Thriller killer been revealed  
She's inside you, he's inside me  
He's inside me

One stop, me moving toward the other  
Back and forth from utter peril to total disaster  
One stop, me moving toward the other  
One stop, one stop  
One stop, one stop  
One stop

Green lit in the blue remake  
No one will care, will care to see  
Thriller killer been revealed  
He's inside you, you're inside me  
Green lit in the blue remake  
That no one cares, will care to see  
Thriller killer been revealed  
I'm inside you, you're inside me

And total disaster, and total disaster  
One stop, one stop
