

Fainting Spells

AFI

Give me this before
I slip,
before I sink,
because I think
I may have found
the short way down
Just give me something
Somethings cold and clear
the love spent here,
as I had feared,
means nothing dear.
I pray to reason I'll forget
I'll trade what's left

Im the devout,
praying just to
get the blood out,
bound by this flesh I own
Im the devout,
cutting just to
get the blood out
Desecrate til we die alone

I will defy
the pulse disguise
but please pretend
were still alive
if it gives you hope
I sung and drowned,
Im taking the short way down

Just give me something
Im the devout,
praying just to
get the blood out,
bound by this flesh I own
Im the devout,
cutting just to
get the blood out.
Desecrate til we die alone

Give me something I can take
to make the memories fade,
Poison kiss, remember this,
I was never meant for this day

Just give me something
Im the devout,
praying just to
get the blood out,
bound by this flesh I own
Im the devout,
cutting just to
get the blood out.
Desecrate til we die alone

Just give me something

Im the devout,
praying just to
get the blood out,
bound by this flesh I own
Im the devout,
cutting just to
get the blood out.
Desecrate til we die alone
we die alone
we die alone
