

# Marguerite

AFI

Vibrant fate, I slowly scratched it in beneath your skin  
Fatal days reversing in the blood without as within  
Would-be wives whisper in your ear secret of secrets  
Poison child, what more could you fear? Rewrite life  
Rewrite a life  
And I never meant to, meant to make you my

Marguerite, Marguerite, Marguerite of mine  
Marguerite, Marguerite, Marguerite of mine

Vibrant fate, I slowly scratched it in beneath your skin  
Fatal days reversing in the blood without as within  
Total wrecks came crashing, deafening secret of secrets  
In our blood denied, yeah, sign right here, rewrite life  
Rewrite a life  
And I never meant to, meant to make you my

Marguerite, Marguerite, Marguerite of mine  
Marguerite, Marguerite, Marguerite of mine

Not for the shock  
Death in our song  
Turned you on

And I never meant to, meant to make you my

Marguerite, Marguerite, Marguerite of mine  
Marguerite, Marguerite, Marguerite of mine
