## **This Celluloid Dream**

Calling tears from deep inside, oh, you're so exquisite And in the mirror, all midnight eyes Oh, if I could remain, but it's just a visit All midnight eyes read "vacancy" Twisted, twisting

To the lovely dancing lights, I begged, "May I cut in?" But they never stopped playing "their song" Of a joyous song they sing, I've heard whispers On a freezing note, I resonate

Just like romantic verses, just like a joyous end Just like a memory, it twists me Just like romantic verses, just like a joyous end Twist... twisting me

You land as lightly as the new snow, cinematic Onto the melting boy, and melt away You light as gently, you're so cinematic Bathed in your radiance, I melt

In the glitter, in the dark, sunk into velvet Praying this will never end In the shadow of a star, in static pallor I realized I never began

Just like romantic verses, just like a joyous end Just like a memory, it twists me Just like romantic verses, just like a joyous end Twist... twisting me

You land as lightly as the new snow, cinematic Onto the melting boy, and melt away You light as gently, you're so cinematic Bathed in your radiance, I melt

All the colours upon leaving, all will turn to grey All the colours upon leaving, all will turn to grey (All grey) All the colours (All grey) upon leaving (All grey) all will turn to grey (All grey) All the colours (All grey) upon leaving (All grey) all will turn to grey... grey... twisting me

You land as lightly as the new snow, cinematic Onto the melting boy, and melt away You light as gently, you're so cinematic Bathed in your radiance

You land as lightly as the new snow, cinematic You land as lightly as the new snow, and melt away You land as lightly as the new snow, cinematic Bathed in your radiance, I melt
