

Trash Bat

AFI

Pulp in the slick
And you're all I take to bed to read with me
Pulp in the slick
And you're all I take to bed with me to

Once more with a smile
Broken teeth and bloody eyes
In my mean light
My, my, my trash bat
Once more with a smile
Broken teeth and empty eyes
In my mean light
My, my, my trash bat

Flies or the flames
Wear no halo round my head, oh blessed be
Flies or the flames
Wear no halo round my head, oh blessed be

Once more with a smile
Broken teeth and bloody eyes
In my mean light
My, my, my trash bat
Once more with a smile
Broken teeth and empty eyes
In my mean light
My, my, my trash bat

Keep it clean
Keep it clean for the camera
In my mean light
Keep it clean
Keep it clean for the camera
In my mean light

Once more with a smile
Broken teeth and bloody eyes
In my mean light
My, my, my trash bat
Once more with a smile
Broken teeth and empty eyes
In my mean light
My, my, my trash bat
