

## Pull Up

Afro B

Bun ducking from the Five O  
I want five O's  
Split it with my bros  
I pray we get loads  
I just wanna make Ps  
With a few of my Gs  
They don't wanna cook  
It gets man you can see  
The ting gets m-m-m-mad no way  
Don't want no-no-no-none of this  
Ting get c-c-c-c-crazy  
Don't want no-no-no-none of this  
Hoovis, I be getting the Hoovis  
Cut the sea of Jehova  
They notice  
They notice I'm mad now

Can't let a man violate me  
I don't want more enemies  
They wanna try overtake me  
Come try me, come try me  
I tell a man "pull up"  
Tell a man  
Tell a man "pull up"  
Tell a man "pull up"  
Tell a man  
Tell a man "pull up"  
(Du-du-du)

This one must've been awkward for them  
Cah watching me fail is important to them  
Try do it like me, you get none out of 10  
And I've only got my dargs, man'a bark off of them  
Ba-ba-bark off of them  
Big man ting, I ain't gotta' answer to them  
Excuse me madamme  
I just wanna charge you  
That'll charge off of them  
Heard you wanna take a trip to the South (Arhh yeah)  
Heard you like when the chocolate melts in your mouth (Mmm)  
But you all look the same with your knees on the ground  
Milky, Cocoa and Cinnamon Brown  
And I know I can get a bit vulgar and that  
Bare juice on your shirt, on your trouser and that  
Like du-du du-du  
Rounds from the back  
Guess I got a little thing for girls with a back

Can't let a man violate me  
I don't want more enemies  
They wanna try overtake me  
Come try me, come try me  
I tell a man "pull up"  
Tell a man  
Tell a man "pull up"  
Tell a man "pull up"  
Tell a man

Tell a man "pull up"

Pull up, jump out  
You ain't got heart  
Them man they're moist  
Man I'm drilling their clart  
Diligent guys, so we diligent march  
Diligent shoot with diligent arms  
Select her, wheel up the clart  
I'm feeling this ass on a brown looking one  
She won't let me go, she just wants me to dance  
No lotion before she puts me in a trance  
Enemies, no problem for my dargs  
Flick, ramb, whoosh  
Turn him up real fast  
Nuff time I've seen a man run real fast  
Trip, don't slip if you do; ching, laugh  
Skengdo baby, why you so rude, hun?  
No darling, who, bitch? I beg you pardon  
I just want neck, I ain't clarting  
Now this girl keeps calling me a bastard
