Babes, you went from telling me you loved me
To phoning off my phone saying you hate me and just 'fuck me'
I know it's my fault, I ain't been moving like I'm hubby
But I know you saw my video baby, I'm kinda slutty
Ugh. I swear baby girl you changed me
I was a sly jammo yout, but now that ain't me
It's fucked up I swear, how this be kinda crazy
I'm phoning up all my yardie friends like 'save me'
I went from telling these girls to tek bodies
And know I'm in the club, arms out, doing shocky
And I don't know just how you got these habits into me
But [?] ain't the scene baby if I ain't bagging [?]
Let's get out, swag on friends from [?]
And I keep my car washed, on the regs' [?]
So ignore my side tings, cause baby girl you got them
They just [?] not the money nor the problem
