

All Night Long

Afrojack

All night, all night, all night long
All night, all night, all night long

Every time I'm with you
It's like calling back the ocean
The ocean
If you're gonna touch me
Let's go deeper than emotion
Emotions, and do it

All night, all night, all night long (do it)
All night, all night, all night long (do it)
On and on, from dusk till dawn
All night, all night, all night long (do it)

All night, all night, all night long (do it)
All night, all night, all night long (do it)
On and on, from dusk till dawn
All night, all night, all night long (do it)

Pour some gasoline
And put some fire to these feelings
These feelings
The way you light me up
It's like I'm begging through the ceiling
I need it, let's do it

All night, all night, all night long (do it)
All night, all night, all night long (do it)
On and on, from dusk till dawn
All night, all night, all night long (do it)

All night, all night, all night long (do it)
All night, all night, all night long (do it)
On and on, from dusk till dawn
All night, all night, all night long (do it)

If you really want it
If you really wanna do it
If you really got it
If you really gotta do it
All night, do it all night
Do it all night, ah

(Do it, do it
Do it, do it)
Let's do it

All night, all night, all night long (do it)
All night, all night, all night long (do it)
On and on, from dusk till dawn
All night, all night, all night long (let's do it)
All night, all night, all night long (do it)
All night, all night, all night long (do it)
On and on, from dusk till dawn
All night, all night, all night long (do it)
