

## Can't Lose

Afrojack

Did it one time, won't do it again  
No free pass on the shit you said  
Riding down sunset, me and my friends  
No love left just wild revenge (Wild revenge)  
Did it one time, won't do it again  
No free pass on the shit you said  
Riding down sunset, me and my friends  
No love left just wild revenge

Oh, throw it down, drop  
(Wooh)  
Throw it down, drop  
Throw it down  
Throw it down

Yuh  
This world is ours for the takin'  
(D-D-Do it) (Do it) Took it to the top floor  
From the basement (Yeah)  
I'm tryna see you  
Work somethin', (work) work somethin', pop it off  
Twerk somethin', (twerk) twerk somethin', show it off  
If they hatin' on us, tell them knock it off  
(Knock it off)  
And the whole team here so we're goin' strong

Did it one time, won't do it again  
No free pass on the shit you said  
Riding down sunset, me and my friends  
No love left just wild revenge  
Did it one time, won't do it again  
No free pass on the shit you said  
Riding down sunset, me and my friends  
No love left just wild revenge

Oh, throw it down, drop  
(Wooh)
