Afrojack

Yeah, Dolla \$ign  
Afrojack, oh yeah, oh yeah  
Oh, yeah, oh yeah, woo

If I give you what you wanted, can you keep it off the record?  
And when I turn on the camera, tell me, can you take direction? Perfection  
You know the suite is presidential, you 'bout to get elected  
Yeah, in the morning we can sip champagne and I'mma eat you up for breakfast  
, delicious (Let me give it to ya)

Two times, you know I love that, love that, love that  
Thick thighs, you know I love that, love that, love that  
Talk nasty, girl I love that, love that, love that, love that  
Back up on me, I love that, love that, love that

All around the world, it's your turn  
We can take our time, this is slow burn  
Pop another pill, never sober  
Baby, plannin' on leaving your life 'round midnight  
Gone, gone, gone already  
Baby we'll be gone, gone already  
Gone already

In the morning we'll be gone  
In the morning we'll be gone  
You already know  
In the morning we'll be gone

Baby I don't wanna rush you, you know you control the tempo  
Yeah, bet you like it when I touch ya (I do), blow your mind just like a whistle, official  
No we ain't gotta complicate things, just keep it nice and simple (nice and simple, nice and simple)  
That's how we do it, how we do it all day, baby girl you got potential (If you want the info, I'mma give it to ya)
