

# Mexico

Afrojack

Sun is back  
No lanes in the way I go

Flames blow away  
And memories  
Out the smoke

And now  
It's time  
For miles  
And miles

And I'll be going until I just run  
Out the road

If you're looking for me  
I'll be in the land of the free  
Nobody there's guilty

By the time you know  
That you look go  
How we know, know, know, know  
In Mexico

Sun is back  
No lanes in the way I go

Flames blow away  
And memories  
Out the smoke

And now  
It's time  
For miles  
And miles

And I'll be going until I just run  
Out the road

If you're looking for me  
I'll be in the land of the free  
Nobody there's guilty

By the time you know  
That you look go  
How we know, know, know, know  
In Mexico
