

Starts Right Now

Afrojack

No more sorries, no more pain
No more us for you to blame
Just our song that we let play
Again, and again, and again

You make me feel like
You make me feel like
I can't breathe deeper
My worries are for regret
You make me realize
No, I don't need to hide
I'm safe, there's no pain
Whenever you call my name

I don't wanna wait for my life to begin
I can't explain how
But I feel it in the air as it touches my skin
And it all starts right now

I don't wanna wait for my life to begin
I can't explain how
But I feel it in the air as it touches my skin
And it all starts right now

And it all starts right now

And it all starts right now

No more sorries, no more pain
No more us for you to blame
Just our song that we let play
Again, and again, and again

You make me feel like
You make me feel like
I can't breathe deeper
My worries are for regret
You make me realize
No, I don't need to hide
I'm safe, there's no pain
Whenever you call my name

I don't wanna wait for my life to begin
I can't explain how
But I feel it in the air as it touches my skin
And it all starts right now

I don't wanna wait for my life to begin
And it all starts right now

And it all starts right now

But I feel it in the air as it touches my skin
And it all starts right now
