

# SummerThing!

Afrojack

La la la la la la  
La la la la la la

I don't wanna write this love song  
I, I'm fighting this urge  
What you make me say uh uh uh uh uh  
Damn! 'Cause I, I can't find the words  
I don't wanna write this love song  
Just wanna dance all night till it hurts  
But you make me say uh uh uh uh uh  
Damn! 'Cause I, I can't find the words!

Uh, you stole my heart we had a summerfling  
And I told my heart it was just a summerthing!

But you made me fall in the winter,  
Bloom in the spring  
From June 'till December  
It was you and me!  
And I told my heart it was just a summeffling,  
That it was just a summerthing!

This, this ain't no love song, it's just a little game baby  
I just wanna go uh uh uh uh uh  
'Cause you, you're so pretty baby!  
This, this ain't no love song, just wanna watch you dance sexy baby  
I just wanna go uh uh uh uh uh  
Damn, now safe it if you let me baby!

You stole my heart, we had a summerfling!  
And I told my heart it was just a summerthing!

But you made me fall in the winter,  
Bloom in the spring  
From June 'till December  
It was you and me!  
And I told my heart it was just a summerfling,  
That it was just a summerthing!

I will always remember the summer, the summerthing  
Oh, you'll always remember the summer, the summerthing!  
I will always remember the summer, the summerthing  
Oh, you'll always remember the summer, the summerthing!

You stole my heart, we had a summerfling!  
And I told my heart it was just a summerthing!

But you made me fall in the winter,  
Bloom in the spring  
From June 'till December  
It was you and me!  
And I told my heart it was just a summerfling,  
That it was a summerthing!
