

Underwater

Afrojack

Do you see me
Neck deep
In feelings
I'm holding back?
Desperation
Sinks in
To my skin
And I lose track

But I, I, I know you're good for me
I know, I know, I know, I know
But what if we love and lose everything?
So while you dive I try to stay afloat

But what if we could breathe underwater
I'd fall in deep with you
If we could see underwater
I'd see myself with you
Are all that I got
I can't get enough
Don't wanna be lost in you so
What if we could breathe underwater
I'd fall in deep with you

Do you see me
Neck deep
In feelings
I'm holding back?
Desperation
Sinks in
To my skin
And I lose track

But I, I, I know you're good for me
I know, I know, I know, I know
But what if we love and lose everything?
So while you dive I try to stay afloat

But what if we could breathe underwater
I'd fall in deep with you
If we could see underwater
I'd see myself with you
Are all that I got
I can't get enough
Don't wanna be lost in you so
What if we could breathe underwater
I'd fall in deep with you

I'd fall in deep with you
I'd fall in deep with you
