Hit the boogie woogie  
Hit the slide  
Do a little twist and dance all night

Walk into the building ya the shawties know what's poppin  
Got the Solid gold tux makin all they jaws droppin  
I got the hunnies on the side in case the party starts floppin  
But you know I got the mic so ima get this place rockin  
Met a little cutie she was lookin pretty shy  
Said baby nice to meet ya call me dreamboat Ky  
Got the rolls outside of you wanna take a ride  
Play backseat bingo and have a hell of a time

Hit the boogie woogie, hit the jive  
Do a little twist and dance all night  
Add a little wobble, add a little slide  
Hit'em with the dab and dance all night

Crip walk crip walk  
Hip talk two step with pep  
Maintain your rep  
Quick to get a girl on the dance floor  
Because my dance moves romance her though  
Enhance her low, than the guy before  
It's the A the F the R the O  
Hip hop elite, don't stop the beat  
Props to my homies on 83rd Street  
Song after song, all night long  
As long as the DJ don't play nothin' wrong  
Keep spinnin' my grooves  
I'll keep bustin' my moves

Hit the boogie woogie, hit the jive  
Do a little twist and dance all night  
Add a little wobble, add a little slide  
Hit'em with the dab and dance all night

Halfway through the party  
Ya you know this place is bitchin  
Where'd your man go girl and aren't you with him  
It's a dangerous game and you know I'm not a fighter  
So take a step back I don't want no ankle biters  
Bringing Afroman was a hell of a decision  
Why's you mouth still goin why don't ya shut up and listen  
It's time to dance we be the only ones sittin  
So get up off your ass  
And hit the wobble back with me  
Gonna Dance all night  
Have a hell of a time

I'm lookin for a pretty girl, the longest legs in sight  
See one to the left and one on my right  
Drunk text my ex god-damn she tight
