## I Feel Good

## **Afroman**

- I awake and it is morning
- I breathe and it is wind
- I stand up and it is sunrise
- I wander and it is clouds moving
- I drink and it is rivers flowing
- I walk and it is horses racing
- I jump and it is spring
- I open my eyes and it is summer
- I lay down and it is fall
- I kiss the earth and it is winter
