

# Step It UP

Afroman

Step it up, gotta get more money  
From the honey, the playboy bunny  
Step it up, buy better suits  
For the haters, buy gater boots  
Step it up, get better [?]  
Make them [?]  
Step it up, buy some land  
Keep the oxygen to expand  
Step it up, build a home  
Carve a track wandering Rome  
Step it up, stack stack stack  
New [?] tires on the Cadillac  
Step it up, get a [?] pimp gun  
Yeah, 'cause that's what's up  
Step it up, get better friends  
Step up your ends

Whatever comes my way  
You know that I couldn't do  
Can't get no grip on you  
'Cause I been stepping up  
Nothing to conversate  
You know that I couldn't do  
Can't get no grip on you  
'Cause I been stepping through

Step it up, step it up, step it up  
Step it up, step it up  
Step it up, step it up, step it up  
Step it up  
Step it up

Step it up, get better weed  
High end, no stem, no seed  
Step it up, get better juice  
Better jewelry, better [?]  
Step it up, make bigger funds  
Step it up, buy bigger guns  
Step it up, make better beats  
Step it up, buy better seats  
Step it up, write a better rhyme  
Step it up, be on time  
Step it up, do something new  
Step it up, the winner in you  
Step it up, drop dead weight  
Congratulate, don't hate  
Step it up, eat better food  
Step it up, be in a better mood

Whatever comes my way  
You know that I couldn't do  
Can't get no grip on you  
'Cause I been stepping up  
Nothing to conversate  
You know that I couldn't do  
Can't get no grip on you  
'Cause I been stepping through
