Sunset Strip

The sun is shining, I'm reclining  
In my six toots  
I lean forward, jack up the bat  
Then I hit the juice  
See a sign through Hollywood  
My switch is as hot and the weather is good  
Mopping foam, playing ODs  
Dipping down Sunset with my OGs

I grew up in the ghetto, a young broke Crip  
Now I'm hitting switches on the Sunset Strip

Outside with my Gs, we smoking trees  
On the Sunset Strip  
Low riding sunset on Ds  
On the Sunset Strip  
Everybody know we making that cheese  
On the Sunset Strip  
Going round the corner on threes  
On the Sunset Strip

Hit the switch, hit the gas station  
Car hops twerking, showing ass rotation  
Now my passenger got an ass on her  
Spice One is the tape she prefer  
Her name is Jin, she's down to spin  
She brought a friend willing to bend  
Over and let me stick it in  
She'll suck me and lick me with a grin

She just wanna ride, she just wanna dip  
In my low rider down the Sunset Strip

Outside with my Gs, we smoking trees  
On the Sunset Strip  
Low riding sunset on Ds  
On the Sunset Strip  
Everybody know we making that cheese  
On the Sunset Strip  
Going round the corner on threes  
On the Sunset Strip

Playing a plan, Jin was cool  
But I'm looking for a girl from the old school  
Cruising down sunset with my shades on  
Sun going down but I still go 'em on  
Picked up my homie to see what's going down  
Tryna find a party or a ladies' playground  
Looking for the hoes, not one in sight  
TNA on the sign with neon lights

Outside with my Gs, we smoking trees

On the Sunset Strip  
Low riding sunset on Ds  
On the Sunset Strip  
Everybody know we making that cheese  
On the Sunset Strip  
Going round the corner on threes
