

Bootycall

Afromental

Walking in the club, checking out
yea what's going on
what's that sound? x2
Looking all around I know it now
Yea them hotties bounce
don't be scared ma
I'm a friend of ya

I wanna grab that, squeeze that, touch that breast
Look at it when you shake your ass
Babygirl do it fast, couse I might spend it on someone else
Do that, shake that, bring that back
Love it when I touch your neck
Girl band-over show your crack
made me feel like that

I can hear your bootycall, your bootycall x4
I can hear ya
girl I can hear ya
Your booty calling
I start to fall in love
Your booty wants to
It tries to show you
So let'it do that
Let it seduce me

I can see you dance
hey beauty take your chance
Come on girl crump that ass
if you need to I'll crump back x2

I'm looking at your jeans pants
figuring how you fit that
I wanna take it out bad
So I can do the slap clap
