

Fly Away

Afromental

I got a feeling
I get lighter every minute
I'm elevating and finally believing
The story is only begging
I'm flying away
My wings are made of my faith
Getting stronger everyday
Don't need to wait
Just take breath of cleasing air
Looking down
From here everything looks fine
All the struggles are left behind
Fresh air is clearing my mind
Alright
I explain this place lays deep inside in me
It helps me to find the way
Givin' hope for another day
That's why I say

CHORUS:

Dreams in your head show you the way
I'm so faithful
That dreams will live everyday
After the rain sun comes again
I'll be graceful
If I never gonna lose my way
And when you feel that nothing goes right
Just grab my hand and close your eyes
Let's fly away

I wish I could wake up in the morning
Somewhere out there where the sun is
I'd just play in the sand, stare at the waves
Kiss you everyday
We would play around the fire
And I would never stop desiring you
'Cause I am admiring you
I would bring you tropic food
But my tropic would be you
I would taste every part
Every day and every night
Wind'd be blowing in your hair
There'd be flowers everywhere
I would really give my life just to be there

CHORUS:

Dreams in your head show you the way
I'm so faithful
That dreams will live everyday
After the rain sun comes again
I'll be graceful
If I never gonna lose my way
And when you feel that nothing goes right
Just grab my hand and close your eyes
Let's fly away
