

Rise Of The Rage

Afromental

Living lies are growing fear
It seems alright but I'm petrified
Why do I have feelings the world's breaking
I'm crying 'cause of thoughts that I'm obsessed with
They give me drugs I don't wanna take
But once I won't they say I ain't safe
The world's full of poison and they made it
Who gave them the right to make it faded

Standin' still, mind's clear, things are gettin' weird
Rules that always've been here disappear (all we got is one shot)
I gotta fight to the limit, don't hide
Every minute with this feelin' feels right (all we got is one shot)
Their goal is what they stand for
There'll be war 'cause they always want more (all we got is one shot)
One shot, one time, one love, one try
To make them care about
Care about us!

And when they try to push you just gotta hang on
Say No! No! No! No! No-o-oh!
And if they start a war for the power and gold
Say No! No! No! No! No-o-oh!

This silence's weird, makes mind unclear
Don't understand, still gainin' fear
Why do people let it to be that way
It blows my mind, I feel like I'm rejected
There's lot of them, they're all the same
Their hearts of stones neutral for pain
Evil minds, greedy hands tryin' to take
What doesn't belong to them

Your mind they try to take it, but don't let them make it
Attacking the stone wall and we definitely gonna break it
Let's build a perfect army so hopefully awaited
It's time to be strong to kill the monster they've created
Say no!
To all the pain they bring to you
Say no!
To intolerance and killings too
Say no!
To all the fights that ain't for truth
'Cause Mother Earth is angry and you'll see what she's gonna do

And when they try to push you just gotta hang on
Say No! No! No! No! No-o-oh!
And if they start a war for the power and gold
Say No! No! No! No! No-o-oh!

You will never take our souls and minds
We got fingers on a trigger
We people ain't no blind
Anger's growin' bigger
There's nowhere to hide as we unite
Beast is going to bite
To let you know we won't give up without a fight
