

## ...To The End

Afromental

You feel it with your senses  
But you keep it deep inside  
Although sparks in your eyes shine bright  
You're doubting all your chances  
You keep imprisoning your life  
Better find the key to unlock your mind  
Everybody come on now

Sudden feeling  
Of indescribable force I have  
I think I'm gonna use it right now  
Yeah, I'm gonna touch the sky  
Reach the levels that I've dreamed about  
Come on let's go!  
I feel like I'm gonna explode  
This power is controlling my soul  
I'm gonna push it to the end  
Over and over again, come on!

We are the ones to make a change  
We gonna show it to the whole wild wild world  
We are ready to go hard face to face  
We gonna fight, gonna fight, gonna fight to the end  
We are the ones to make a change  
We gonna show it to the whole wild wild world  
We are ready to go hard  
We gonna fight

I lost control of my emotions  
I've never felt this way before  
I can't deny it, the power's so exciting  
My thirst is growin' faster  
I wanna win the whole wide world  
'Cause I can do it  
The recipe's inside me

Sudden feeling  
Of indescribable force I have  
I think I'm gonna use it right now  
Time is changin', feelin' strange  
You better catch up man  
'Cause you gonna lose the chance  
I feel like I'm gonna explode  
This power is controlling my soul  
I'm gonna push it the the end  
Straight to the end  
Over and over again, let's go!

We are the ones to make a change  
We gonna show it to the whole wild wild world  
We are ready to go hard face to face  
We gonna fight, gonna fight, gonna fight to the end  
We are the ones to make a change  
We gonna show it to the whole wild wild world  
We are ready to go hard face to face  
We gonna fight, gonna fight, gonna fight to the end

Yeah, we ain't never gonna stop man  
We gonna push it hard to the very end  
Till we'll reach our goals  
No matter what  
No matter how many problems  
We're gonna have in front of us  
We gonna go thru it man  
We'll break thru every wall  
We gonna be the ones  
That the world's gonna hear about

We are the ones to make a change  
We gonna show it to the whole wild wild world  
We are ready to go hard face to face  
We gonna fight, gonna fight, gonna fight to the end  
We are the ones to make a change  
We gonna show it to the whole wild wild world  
We are ready to go hard  
We gonna fight!
