

# Take Me To The Place (bekah Solo)

After School

Without You  
Without You

I just wanna tell you  
How I'll love you so (for all my life)  
I just wanna tell you  
Oh I'll miss you so  
But now it's time to go

How I, searched for sunrise  
You were, always by my side  
We will, be forever  
Lovers in the sky

I'm put together  
By your love forever  
Just wanna let you  
Take me to the place I know I'll be alright with you.

Torn Apart, but never  
Say goodbye Oh never  
Go on and tell me  
I just wanna hold you, won't be  
Without you  
Without you  
Without you

Taking time to breathe now  
How far along we've come (and I know)  
Time will tell it's reasons  
Now it's time to go  
Think you should know

How I, searched for sunrise  
You were, always by my side  
We will, be forever  
Lovers in the sky

I'm put together  
By your love forever  
Just wanna let you  
Take me to the place I know I'll be alright with you.

Torn Apart, but never  
Say goodbye Oh never  
Go on and tell me  
I just wanna hold you, won't be without you

So many things I want to say to you  
I love you so Oh yea~

I'm put together  
By your love forever  
Just wanna let you  
Take me to the place I know I'll be alright  
Take me to the place I know I'll be alright with you

I'm put together  
Say good bye you never  
Go on and tell me  
I just wanna hold you, wanna be alright with you  
Be alright With you  
Be alright With you  
Be alright with you
