

# Speck Of Gold

Afterlife

Hold is all that we have  
With each birth, every tear, we have hope, we have hope

Speck of gold in your heart  
Everyone, everyone  
Speck of gold in your heart  
Every sun, everyone

Speck of gold

Cold, cold ways, I won't  
Hold you heart to this light  
One and all, one and all  
Speck of gold

Speck of gold, that we just unfolded  
Love your heart, love your heart  
Speck of gold, everyone hold our sun  
Wanna live

Speck of gold

Speck of dust on our sun  
Shade our world, shade our world  
Speck of dust on everyone  
Save our sun, save our world

Speck of dust on our sun  
Shade our world, shade our world  
Speck of dust on everyone  
Save our sun, save our world
