

Court 22

Against All Authority

I was raised in a trailer
Always told that I was a failure
Never thought that I would get outta there
My father kicked me out when I shaved my hair
Never fit in with the other kids
Singled out because of where I lived
I learned to fight at an early age
Court 22 my aluminum cage
I got the music the music's got me
The underground sound
Always sets me free
I got beat I got punched and kicked
Cause I didn't fit in their social clique
I never ever felt like I belonged
I thought that everything I did was
Fuckin' wrong
Punk rock was my only escape
A new found spirit no one could break
I turn up the music and feel the beat
It's the only thing I ever want to keep
